Math is not my strongest subject, so tutor helps me alot. The teacher I have doesn't help me feel confident while in class. But Tutor helps me feel better about my work. They are all very nice. If they get frustrated with me they just transfer me and not yell. So it is a nice change from my class room.	9th

He helped me by not just giving me the answers but by collaborating with me and helping me form my own opinions... MY FAVORITE TUTOR! P.S. he didn't leave after three questions	11th
I really don't like the hours available. I get home at 4 and I like to get my homework done right away so it's really a pain to have to wait until 6 every night to have access to the tutors. And I really hate how it's not open on Friday or Saturday. It should be open 24/7.	11th
it took a while longer than a teacher in person, but was really helpful! :)	11th
